1. *We have been able to tweak the water system a bit, to reduce the Binghamton water share down to about 11% of total usage, with the less expensive Fenton water providing 89%. Our goal over time is to increase Fenton's share to about 95%.*

2. *The Broome County Health Department, acting on behalf of New York State, declared Port Dickinson's water systems to be in substantial compliance on all critical points of testing and management practices. Thank you to Joel Troutman and Josh Marris for their efforts in achieving these results. And, a thank you to the Fenton and Binghamton Water Departments for providing us with some good quality water.*

3. *The Village is seeking a NYS Urban Forestry Council Grant of \$1,000 to purchase a mix of 24 trees, in our on-going tree planting program. This will help us take the next step toward our goal of having the Village certified as a Tree City USA community.*
